Pure elegance in black

The combination of 24 mm matt black profiles and black fleece-laminated mineral tiles (similar to RAL 9004) creates a ceiling system with a harmonious aesthetic without visible fingerprints. The result is a calm, continuous ceiling with a bold presence and timeless elegance. The high-quality anti-fingerprint coating protects against wear and tear while emphasising the value of the system. Ideal for rooms where design, functionality and atmosphere form a stylish unity.

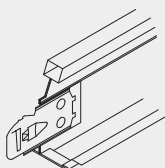

System S 3

Cross tees with hook tabs at both ends for butt joint connections.

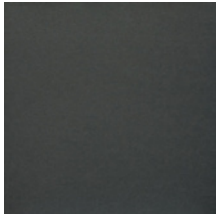

System S 3 cliq

Cross tees with riveted cliq tabs at both ends for joggled joint connections.

Product information
